

Local Area Schools

Camp Pendleton is nestled between two large metropolitan areas, San Diego and Los Angeles. Choices abound for students who are interested in earning a college degree while stationed here. Dependents and military personnel assigned to Camp Pendleton have a large number of schools to choose from. This is a list of most major schools, their websites and information phone numbers. Some schools are located in San Diego, Los Angeles, or Riverside, all of which are approximately a two-hour or less drive from the base. For students who are pursuing a specific or unique degree plan, they may be required to attend a school some distance away or take courses through distance learning.

The Camp Pendleton Education Center, located in Bldg 1331, Camp Pendleton, is ready to assist new students, or returning students, with Tuition Assistance, CLEP and DSST testing, and education counseling to ensure your return to school is easy. Attendance at a College 101 brief is required for all students using tuition assistance for the first time. College 101 is offered Wed from 1130 - 1230 or Fri from 0830 - 0930 at the Mainside Education Center. On Tues the College 101 is at the SOI Center (bldg 520512) from 1130 - 1230.

Local Two Year Schools

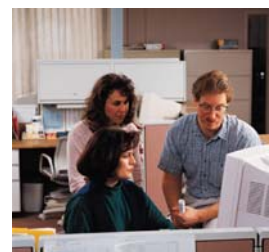

Two year schools award associate degrees and are designed to provide the new or returning student with an academic environment that is both inexpensive and will allow them to take refresher or remedial courses. Most have an open enrollment policy and do not normally required a SAT or ACT exam.

Four Year or Graduate Level Schools

Four-year colleges or universities offer the full range of degrees, from associate level through graduate and doctorate programs. Most are more expensive than two-year schools and should be attended by students who have already completed some college, or are pursuing a unique degree program.
