PERSONAL FINANCE

Credit Management & Your Credit Score : Is comprised of three components. The first two topics are FICO Score and Credit Reporting Agencies. The first topic, FICO Score discusses the basics of establishing, using credit. The second topic covers Credit Reporting Agencies, including credit scoring. The third component of the class covers Debt Management, this section covers warning signs of Credit Abuse, Collection Practices and Procedures.

Basic Money Management**: This is the process of knowing where you are spending your money today, and having a well thought-out plan in place for where you want it to go in the future. This program will cover the core concepts of money management, and will teach you how to be your own personal money manager.

**This course fulfills the requirements for BHA, Marriage, and Basic Budgeting

Prelude to Basic Investing: The world of investing can be a cold, chaotic and confusing place. In this presentation, we'll go through some of the theories that investors have developed in an effort to explain the behavior of the market. We'll discuss concepts like *Dollar Cost Averaging*, *Diversification* and *Short/Long-Term Investing* which are especially useful for individual investors. We will also discuss some of the more arcane academic explanations. No matter what your situation is, all of these concepts are important to understand because they help to clarify the inner workings of the mysterious financial market.

Command Financial Specialist Training: Command assigned individuals will gain the tools and knowledge to counsel unit members requiring personal financial counseling. Tools and knowledge will be given on topics such as: Investing, Car buying, Home buying, Getting out of debt, and other money management tools. Command Financial Specialist must be an E-6 or above.
